

# Privacy Policy for Huzzah Music Arcade

**Effective Date:** September 1, 2025

**Last Updated:** September 22, 2026

Huzzah Music Publishing ("we," "us," or "our") operates the Huzzah Music Arcade website and related educational games. We are committed to protecting the privacy of our users, particularly the students, teachers, and parents who utilize our resources.

This Privacy Policy explains our practices regarding the collection, use, and disclosure of information when you use Huzzah Music Arcade.

## 1. No Student Information Collection

We strictly do not collect, request, or store any Personally Identifiable Information (PII) from students.

Because Huzzah Music Arcade is designed for educational use by young musicians, our games and activities are built to be entirely anonymous.

- **No Accounts Required:** Students do not need to create an account, register, or log in to play our games.
- **No Personal Data:** We do not collect names, email addresses, phone numbers, school affiliations, grades, or locations from students.
- **No Chat or Social Features:** Our arcade games do not feature chat rooms, messaging systems, or any mechanisms that allow users to share personal information with us or other players. There is no communication, from or to other users, on the platform.
- Except for voluntary user submissions, such as subscribing to our newsletter for adults and teachers, our website does not automatically collect personal information, email addresses, or names from visitors or students.

## 2. Information Collected Automatically

While we do not collect personal student data, our website hosting provider gathers standard, anonymous technical information necessary for the website to function properly and securely. This may include:

- **Device and Browser Information:** such as your browser type, operating system, and screen resolution.
- **Usage Data:** such as pages visited, time spent on pages, and referring websites.
- **IP Addresses:** collected temporarily by our hosting servers for security purposes (e.g., preventing DDoS attacks).

This data is aggregated, anonymized, and used solely to maintain the performance, security, and functionality of the website. It is never used to identify individual users or track students.

### **3. Cookies and Tracking Technologies**

Huzzah Music Arcade uses strictly necessary cookies required for the website to function (for instance, keeping a game loaded while you play). We do not use tracking cookies, advertising cookies, or behavioral profiling tools. You can instruct your browser to refuse all cookies, though some parts of the arcade may not function properly without them.

### **4. Third-Party Services**

Huzzah Music Arcade may be hosted on or utilize tools from third-party platforms. These third-party service providers have access to anonymous site data only to perform standard hosting tasks on our behalf and are obligated not to disclose or use it for any other purpose. We do not sell, rent, or share any user data with marketing or advertising companies.

### **5. Children's Privacy (COPPA & FERPA Compliance)**

We fully support and comply with the Children's Online Privacy Protection Act (COPPA) and the Family Educational Rights and Privacy Act (FERPA). Because our service is designed to collect zero personal information from students, it is inherently compliant with these regulations. If a parent, guardian, or teacher believes a student has somehow submitted personal information to us, please contact us immediately, and we will securely delete that information.

### **6. Security of Your Information**

We take the security of our website seriously. We use commercially acceptable means, including secure hosting protocols and SSL encryption, to protect Huzzah Music Arcade. However, please remember that no method of transmission over the internet or method of electronic storage is 100% secure.

### **7. Changes to This Privacy Policy**

We may update our Privacy Policy from time to time. We will notify users of any changes by posting the new Privacy Policy on this page and updating the "Effective Date" at the top. We recommend reviewing this Privacy Policy periodically for any changes.

### **8. Contact Us**
